

Handheld reader ARE H5

Electrical characteristics

Reading systems	all transponders in compliance to DIN/ISO 11784/11785 with annex A (FDX-B, HDX, Destroy Datamars, Trovan) and with EM IC H4002 or equivalent
Operational frequency	134,2 kHz & 125 kHz
Display	LCD: 2-lines by 16 characters
User memory	2000 records, optional 3964 records
Software	PC control software
Storage temperature	-20°C bis up to +70°C
Operating temperature	0°C up to +50°C
Housing protection	class IP 54

Dimension

Weight	Ca. 500 g
Length	23 cm
Width	14 cm
Height	13 cm
Material	ABS
